INDIA IS A COUNTRY LIKE NO OTHER

Immerse yourself in India and discover a spiritual heartland awash with romantic palaces, ancient temples and unique experiences.

Northern India sizzles with a colourful vibrancy like no other. The splendour and romance of Rajasthan is evident in the glamorous palaces and forts of the maharajahs that have been transformed into luxury hotels. The cool hill stations in the Himalayan foothills and tea plantations sit alongside vibrant and chaotic cities. The tropical south of India is vastly different to the north – in its character, scenery and cuisine. It is renowned for its relaxed, almost spiritual culture, lush scenery, welcoming people, gourmet food and amazing spas and resorts.

Adventure World has been crafting unique and extraordinary journeys to India for over 35 years, so you can rest assured that you're in safe and experienced hands. From authentic home stays to maharajahs' palaces, luxury trains to trekking adventures and wildlife safaris to holistic wellness, Adventure World offers a comprehensive range of experiences in India. Our expert travel designers have visited these regions and have the knowledge to tailor any journey to suit you. Your choices for your Indian adventure are endless and we can take you there.

CULTURE & HERITAGE

There's no better way to experience India than by immersing yourself in the vibrant, colourful culture. Gain a genuine appreciation of the country by learning directly from those who truly understand it. On our Indian journeys, you can meet and stay with locals, explore historical sites and marketplaces and indulge in traditional delicacies.

It is said that it's the street food that provides you with the understanding of the people and their culture. Lucknow is one of India's foremost cuisine capitals. Wander around the city and you'll never know which narrow alley will take you to foodie heaven. Or take a walk with a culinary curator to discover Lucknow's street food. Those with a softer palette may want to visit the private studio of a tea sommelier where not only will you learn about the beverage, you can experience a unique tea and chocolate pairing session.

ACTIVE ADVENTURES

Many of our adventures can be found in a 'hard adventure' category but physical exertion is not the aim. There's always a comfortable night's sleep at the end of an active day. Check out our active adventures page for a selection of journeys through the foothills of the Himalaya and tropical Kerala.

For those who can't make it to these areas, we offer other ways to get active in the big cities of India. We can take you out on a spin to explore Delhi like never before. A cycling tour around Delhi takes you into the heart of the city. Or for those who like their feet a bit higher off the ground, a hot air balloon ride over Jaipur allows you to absorb the unique colours and sounds as they blend harmoniously with the historical forts and hidden palaces nestled in the Aravali Ranges.

WILDLIFE & WILDERNESS

Getting up close and personal with wildlife and seeing animals in their natural environment is a unique, amazing and surprisingly touching experience. By exploring mountains, lakes, gorges, plains and rainforests, you'll feel a connection to a place and its wild inhabitants.

Our wildlife and wilderness journeys take you to some of India's best national parks and wildlife reserves, including the world-famous Ranthambore, Bandhavgarh and Pench. And did you know you can search for India's Big Five – Asiatic lion, tiger, leopard, Asiatic elephant and one-horned rhinoceros? Gir National Park, in the state of Gujarat, is the world's last remaining bastion of the Asiatic lion, with just over 500 in and around the park.

SPECIAL INTEREST

Sometimes there is that one special 'something' that seizes your imagination and you find that you have to go there, or you have to experience it. India is home to so many special experiences that span the length and breadth of the country. Ancient Indian traditions that focus on holistic wellness and health can be found at the foothills of the Himalaya and flavoursome culinary journeys take you from the street food of Mumbai to a luxurious restaurant in the Amber Fort.

A visit to the Pushkar Camel Fair may be more to your taste as you travel through the magical state of Rajasthan and on colourful photography journeys there is never a question of what to photograph or when. The only question will be, when to stop.
